INTRODUCTION

1. Quick Soothing and Hydration with Aloe

Combat redness and heat from summer exposure with the calming effects of aloe. This gel cream quickly soothes irritated skin while delivering a burst of hydration, leaving your skin feeling fresh and smooth.

2. Refreshing and Lightweight Gel Texture

Enjoy the cool, light texture of this gel cream that absorbs quickly into your skin without any sticky residue. Perfect for daily use, it provides a refreshing finish that won't weigh you down.

3. Water Gel Matrix System for Long-Lasting Moisture

The unique water gel matrix system locks in moisture with active holding polymers, creating a hydration barrier on the skin's surface while keeping the skin deeply moisturized for extended periods.

4. Triple Hyaluronic Acid for Comprehensive Hydration

Formulated with optimally sized hyaluronic acid molecules, this gel cream ensures time-released hydration. Each layer of hyaluronic acid works to keep your skin thoroughly moisturized for hours.

KEY INGREDIENTS

1. Aloe Vera Leaf Extract

Known as the "most trusted medicine" by ancient civilizations, aloe vera offers soothing, anti-inflammatory, and antibacterial benefits. It hydrates the skin and enhances its texture, promoting a healthy, glowing complexion.

2. Glutathione

A renowned antioxidant known for its natural skin-brightening properties. It helps inhibit melanin production, reducing dark spots and giving your skin a radiant, even tone.

3. Panthenol

Essential for collagen production, panthenol excels in moisturizing and calming the skin. It also provides protection against UV-induced damage, making it a perfect addition to your skincare routine.

4. Triple Hyaluronic Acid

This synergy of low, medium, and high molecular weight hyaluronic acids enhances your skin's moisture retention. Low molecular hyaluronic acid deeply hydrates, medium weight forms a moisture barrier, and high molecular hyaluronic acid amplifies the overall hydration effect, keeping your skin

HOW TO USE

During your skincare routine, apply a suitable amount to your face and gently massage in along your skin's texture.

For extra soothing and a powerful cooling sensation, especially after sun exposure, use refrigerated Aloe Booster as a mask. Apply a thick layer and let the aloe work its magic.

Suitable for use on both face and body. Apply generously to any areas needing soothing and hydration.

TEXTURE

A refreshing blend of fresh floral aqua musk fragrance.

The cool, invigorating scent transitions into a soft, lingering aroma, leaving you with a sense of lasting freshness.

For optimal results and an extra soothing experience, store Glutanex Aloe Booster in the fridge. Embrace the refreshing and hydrating benefits that will leave your skin feeling revitalized and cool.
