Retinol Eye Cream

For wrinkles and dark circles

Retinol Eye Cream

For wrinkles and dark circles

Glutanex® Retinol Eye Cream lightens dark circles, diminishes signs of aging by improving fine lines and wrinkles around the eye, creating healthier and youthful skin.

Infused with anti-aging retinol

Wake up with a supercharged look with the Retinol Eye Cream. Targets signs of aging by working to smooth, plump, brighten and lock in moisture around the delicate eye area and wrinkles. With this powerhouse eye cream with retinol, the skin around the eyes appears smoother and evenly toned, whilst the appearance of fine lines and dark circles are reduced.

Key Ingredients

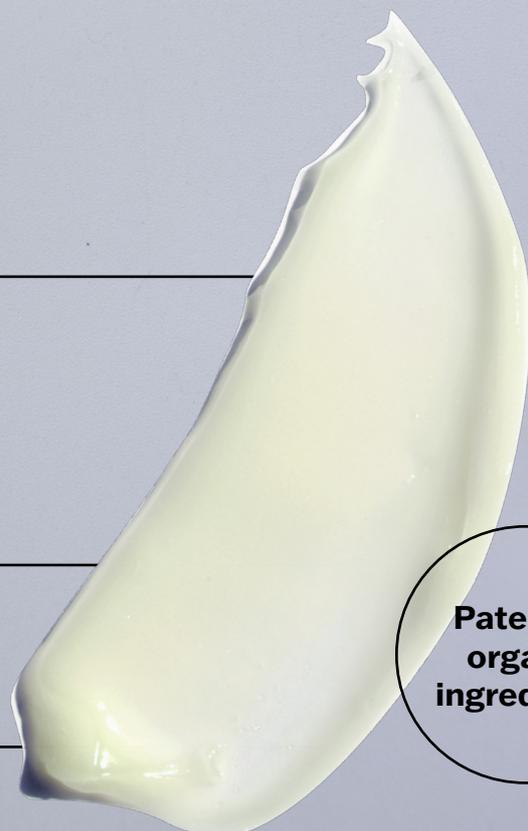

Retinol: A powerful ingredient derived from vitamin A, helps diminish the look of fine lines, wrinkles and improve the appearance of skin texture, firmness and elasticity.

Neurolight. 61g: Also known as *Sea Daffodil*, inhibits the synthesis and transfer of melanin into the upper layers of the skin, which results in reduced uneven surface area and pigmentation of brown marks.

Leontopodium Alpinum Callus Culture Extract (Edelweiss): Anti-aging, Anti wrinkle, skin hydration effect.

Glutathione: Brightens skin tone.

Recommended Use

*Important:

When using retinol for the first time, the skin needs time to adapt to ingredient

RETINOL ROUTINE

Last step of skin care.

Do your usual skin care regimen, and apply the cream in a size of a grain of rice.

Use at night.

Retinol is weak against the sun.

During daytime, use sunblock to maintain the product's effect.

Start 2 weeks by using

every other day for your skin to ease in.

(May cause break out in the beginning. Soothe skin with cream.)

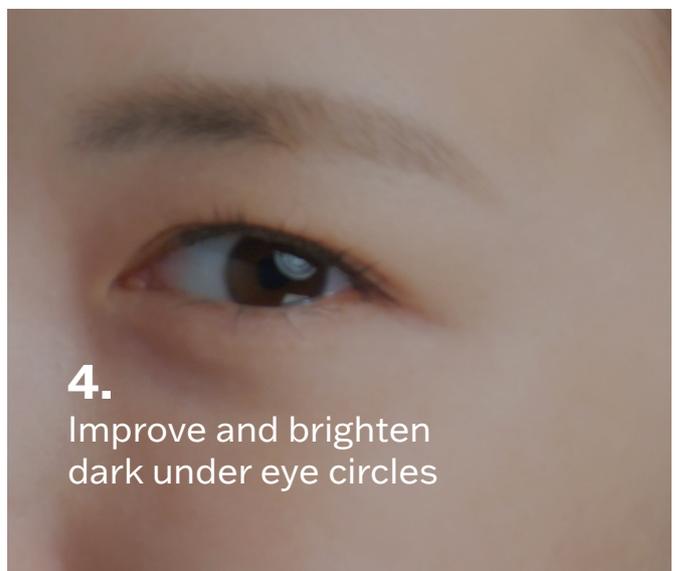

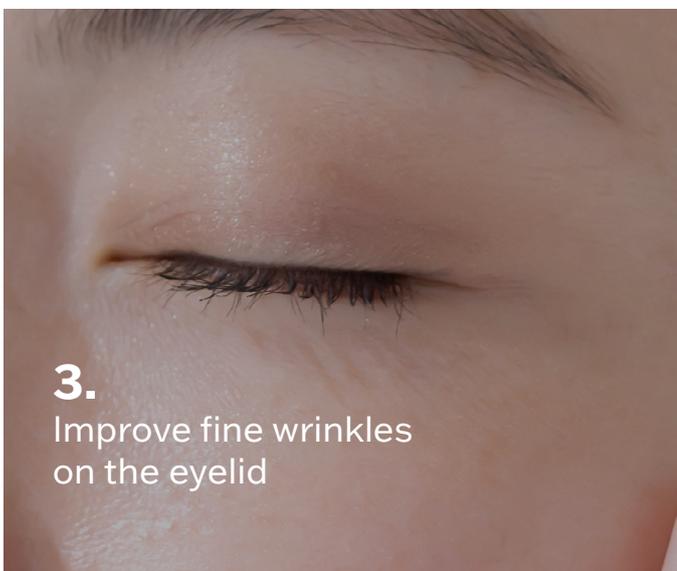

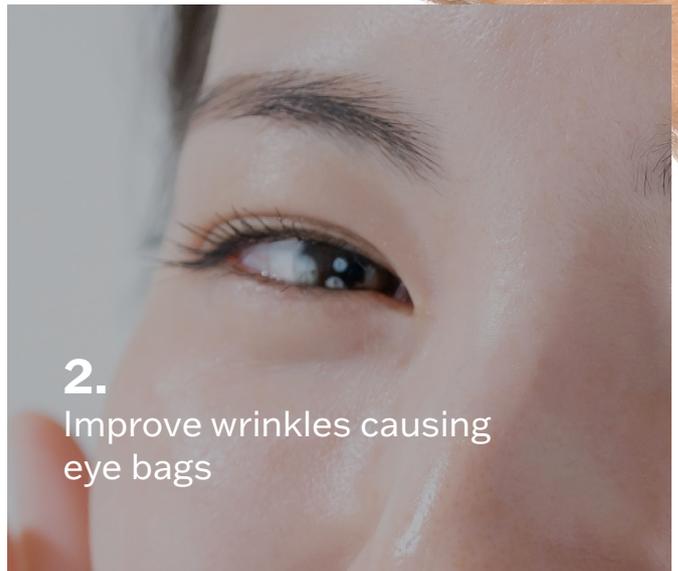

How to use

After usual cleansing, applying toner, cream, apply small amount of the eye cream around the eye and areas of dark spots and wrinkles.
